President: **Jim Peterson**

I have been away. Hope everyone is enjoying what I hear is a very nice green golf course. Stay cool and hope to see everyone soon.

Jim

Treasurer **Don Barrett**

Treasurer’s Report: Although activity has slowed for the summer months, it appears that we have a few more full time golfers than last year. Hopefully our summer sales in the Pro Shop will reflect the same. We will see how it pans out in a month or so.

As for now, we have sufficient funds in our operating budget to carry us through the typical summer downturn and our financial status is in good condition.

Keep Your Ball in the Fairway and Stay Healthy,

Don

Vice President: **Greg Keating**

We have begun working on the 2019 budget. In consultation with all of our board members, we are gathering the information needed to complete a sustainable budget for our club next year.

Over the past four years we have developed a budget process that ensures all board members are able to take part in its development.

During that time all board members have given considerable input into our budget.

It is our belief that this process will provide benefits for present and future members for years to come.

The first budget that was developed took time and significant input from many. However, that input has allowed the board to create a good “template” that can be used by future boards.

We remain in good shape on almost every area of our club. We will
keep you posted on the budget and our club

Greg Keating – VP

**Pro Shop: Brian Sherman**

The 18 Hole Men's league for the season ending April 2018 has donated the funds for a new divot sand, sand box on the 10th tee. After a lot of shopping, comparing products, and just shy of an engineered drawing, and quite a few man hours in labor, the final product is in place.

Thank you to the 18 Hole Men's League, and a special thanks to Mr. Tom Claypool for all the thought and labor that went into the project. Hope all of our members appreciate how good it looks, and its function.

*PLEASE* close the lid when you are done using it. The sprinkler system is in range.

New carpet was installed in late June and looks good. Nobody has tripped yet.

We are going to need to purchase a new freezer for behind the bar area.

We are ready to welcome back the snow birds. See you soon.

As always, the volunteers throughout the summer have been great, i.e. Tues. men on the course, Thurs. women's on the course, Opening monitors, and the volunteers that help our ladies behind the counter. I hope everyone appreciates what you do for the benefit of the course, as much as I do!

Brian Sherman

**Rules & Regulations: Tom Churchill**

This summer our rangers report there has been minimal reports of course reports of misuse. The few individuals who made some minor mistakes were updated on our course rules and no punitive action was required.

This fall new rules and regulation pamphlet will be available for all members. See you all on October 9th.

Tom Churchill

Rules and Regulation
Wow what a difference the rain has made with our grass.

Also by us removing the trees that needed to be removed we are already seeing the results. Trees are taking the water and nutrients from our course in some areas. We are not just cutting trees to get rid of trees; we are cutting the trees that need to be cut to make our course better now and for years to come.

A lot of hard work is going into the new landscape area behind hole number 18. That is going to be a great “approach” shot/view we will all have. Thanks to everyone who is involved in that great part of our course.

This is going to be very nice and professional when done! Great Job!
The course should remain in great shape for months to come. Soon (October) we will be closed to overseed. Let’s all hope the weather is on our side after we put the seed down.

**Secretary: Ken Laughlin**

**BCCGA**  
**Tuesday August 7, 2018**

Meeting called to order by President Peterson at 7 PM.

Officer Present: Peterson/Laughlin/Barrett/Gray/Ragona/Sherman/Pizzo/Keating (by phone in)

Officer reports:
- **Laughlin** – worked with Ron Ragona on handicap flag holder rules
- **Barrett** – Finances of association are in very good condition. Report will be posted next week in the annex.
- **Keating** – The association’s finances are in good shape as anticipated. Reminded all officers that budget requests are due by August 15.
- **Ragona** – Worked with Laughlin on handicap rules. Brought to board’s attention that the Hernando Times had information on memorial bricks.
- **Sherman** – A new freezer is needed in the refreshment area. The income for the refreshment section of the club is close to “being in the black”. He offered that Kay is a big help in keeping the books in order day to day. Brain and Tom Claypool built and installed the new sand box at #10 tee.
- **Gray** – He has 9 and Dine and Labor Day dinners coming on his schedule.
- **Pizzo** – The tree behind 18 green was cut down. There are 4 palms that have been planted to replace it and make this a “signature” hole. There will be curbing around the tree area. Vince checked and the irrigation system for the course will also water the trees. Vince will meet Wednesday with Cindy LaPorte and Superintendent Hickey on design of curbing. When the over seeding is being done the ropes on #17 will be moved back into the woods and the sand area will be considered “ground under repair”. The course will be closed September 5th for aeration of the greens. Vince also informed the members that their concern about the holes not being completely filled are being considered but the aeration machine we have makes holes deeper that a lot of courses and the sand falls to the bottom which leaves the holes open. Maintenance will work on a solution.

**OLD BUSINESS**

Reminder to all officers that budget proposals are due by August 15th.

**NEW BUSINESS**

Nominating Committee has been appointed. Phil and Sharon Aldred are co-chairpersons. Members are Bill Goldbach/Sandy Paterson/Dan Au. Motion passed unanimously for appointments.

Message from Gail Metcalf, BCPO President reference to 2 people from BCCGA to serve on an ad hoc committee for the new entrance sign at main gate.
MEMBER COMMENTS

Ray Agle stated that he heard rumors that some members were going to drop their memberships and come back and play as guests. He would like to see the rules and regulations tightened up to prevent this. Ron Ragona cited the section of the current rules and regulations that prevent this practice. If anyone knows of anyone violating this section of the rules and regulations they should notify the Executive Board so that action can be taken.

Larry Hoose asked the board to block Tuesday morning tee times during the winter. They would be the tee times directly behind the Ladies League. The two groups asking for this are the Swanson and Myers groups. He also asked if the board will take any action on the matter of the flag pins. Complaints about the blue being difficult to see. Board will consult with Superintendent Hickey. He also stated that members are leaving cigarette butts all over the course and wished for a notice to be put up asking members to cease the practice.

Ron Ross asked that the BCCGA consider allowing the BCPO to sponsor a benefit golf outing / meet and greet at the BCCGA course. The proceeds would be explicitly for the new entrance sign at the main gate. He offered that the outing would be open for non-members, non-residents as well as BCCGA members. The date for the outing will be November 24, 2018. Motion by Gray and second by Pizzo to grant permission for the BCPO to conduct a golf outing at the BCCGA on November 24, 2018 with the course having blocked tee times that date from 0830 to 1300 hours. Motion passed unanimously.

Meeting adjourned at 7:35 PM.

A sweet lady telephoned St. Joseph’s Hospital and asked,

"Is it possible to speak to someone who can tell me how a patient is doing?"

The operator said, "I'll be glad to help, dear. What's the name and room number?" The caller, in a somewhat weak voice, said "Noreen, Room 302."

The operator replied, "Let me place you on hold while I check with her nurse."

After a few minutes, the operator returned to the phone and said,

"Oh, I have good news. Her nurse just told me that Noreen is doing very well. Her blood pressure is fine; her blood work just came back as normal, and her physician, Dr. Cohen, has scheduled her to be discharged on Tuesday."

The caller said, "Thank you. That's wonderful! I was so worried. God bless you for the good news." The operator replied,

"You're more than welcome. Is Noreen your daughter?"

The caller said, "No, I'm Noreen in 302. No one tells me crap."

From Ron Ross: **BCPO Welcome Back Festival and Golf Scramble  11/24/2018**

We need some help from both golfers and residents. On November 24th we will be having a large golf scramble here and we need 160 plus prizes. We have started collecting some now but we are asking for your HELP. Please donate a nice prize for our golf tournament I hope to have both residents and golfers helping with prizes. This is a BCPO Festival for everyone in the Brookridge Community

If at all possible we are asking our great members, and residents to donate a nice prize to be given to the golfers on that day.

If you can please bring a prize to the clubhouse or see Ron Ross, Dick Theriault or Ray Welz and give them your donated prize. This will be a great event and I hope everyone will have a great day.

Thanks

Ron Ross
An elderly man near Brookridge Florida had owned a large farm for several years. He had a large pond in the back.

It was properly shaped for swimming, so he fixed it up nice with picnic tables, horseshoe courts, and some orange and lime trees.

One evening the old farmer decided to go down to the pond as he hadn't been there for a while, and look it over.

He grabbed a five-gallon bucket to bring back some fruit. As he neared the pond, he heard voices shouting and laughing with glee.

As he came closer, he saw it was a bunch of young women skinny-dipping in his pond.

He made the women aware of his presence and they all went to the deep end.

One of the women shouted to him, "We're not coming out until you leave!"

The old man frowned, "I didn't come down here to watch you ladies swim naked or to make you get out of the pond naked."

Holding the bucket up he said, "I'm here to feed the alligator."

Some old men can still think fast

  FUN, GAMES, DUNK TANK, RAFFLE, FOOD, DRINKS, SCRAMBLE! Nov 24th!

A little note on the BCPO Welcome Back Festival and Golf Scramble on November 24th.

A lot of hard work is going into the BCPO Festival and it is for a good cause. Agree or not agree it is to add beauty and modernization to our great community. That’s a fact.

Hopefully it does matter if you want to have our entrance sign redone (new)/upgraded. It will be NEW from what we now have. It will look nicer than the one we have now.

I understand that there are a lot of Hernando County “rules” and “cost” attached to a NEW sign. That is why we do not want if we tear down this sign and build a NEW one from the ground up. As I understand we just can’t do that for those reasons and more. However when done it will look like a NEW sign.

If we get a new or renovated sign it will only help our community look even better. We ALL will benefit from this even those that do not seem to think we need one. Everyone has the right to feel, we do or do not, need one, but if it gets done we will all benefit from the beauty of a new entrance. (I know I am repeating myself)

This BCPO festival is designed to include a golf tournament and more. This is our, (BCCGA Members) way of helping with this project and it will allow for all residents to get-to-getter for a nice day of fun. This
is NOT just for us golfers. Others in our community, all residents, will take part in the total funds raised/collection. This is meant to be a BCPO Festival!

Vince and Gail along with Ron Ross will have the BCPO front office involved in taking in money and working sign-up sheets. They will also be selling raffle tickets for the Golf Cart.

Vince, Ron and Gail will have employees from the big clubhouse involved including collecting money, sign-up sheets, food tables, prize tables, raffle tickets and more. This is a BCPO event and all golfers are part of the BCPO. Ron is talking to unit reps and other clubs for help.

This new sign will NOT come out of the BCPO budget as they have told us. We as residents will not pay for this sign with any of our dues. It has to be donated funds and they are asking all clubs and all residents to help if they can. There will be some in favor and some not in favor and that is ok.

Golfers will be able to mix and have lunch with other residents and non-golfer residents will mix and mingle with golfers. Nice!

The BCPO is looking to have resident non golf member’s play in the tournament to help raise money. They will also get a chance to play our great course and we may get a membership from that.

There will a BCPO raffle for a Golf Cart for ANY resident to win. There will be food and drinks sold to make money. Not just a golf tournament. They even plan a “Dunk Tank”

I along with many feel that our Golf Course does a lot for this community and without the golf course Brookridge would not be the same.

The value of the Golf Course is without a doubt substantial to all residents. We continue to add value to homes and continue to ensure a beautiful golf course.

For an event such as this, whereby the BCOP is getting the entire community, golfers and non-golfers together, I do feel if we can help we need to help. I think Ron Ross and others are talking to all of the clubs to get their help with prizes, signs, cooking and more.

I agree with some that the golfers are maybe doing more than others but we are the BIG CLUB within all clubs in our community, and if we can help make something nice happen – Why Not?

If you have to keep the cart on the cart path, unless you take every single one of your clubs over to your ball, you won't have the right club.
Welcome Back Festival and Golf Scramble

The BCPO Festival is a welcome home event for ALL residents as we welcome back our seasonal folks.

This will be an opportunity to socialize with folks, have lunch, play golf, play some games, view some wares and buy a chance on a golf cart. Or, you can sit and enjoy food, folks and some music.

The BCPO will have some carnival type games and maybe even a dunking booth.

• COME ENJOY YOUR NEIGHBORS.

This BCPO Event will allow for ALL residents, golfers and non-golfers, to enjoy Brookridge and help with our new sign!

The BCPO Golf scramble is open to all persons, living in or guests of Brookridge, with an entry fee of $25.00. All proceeds will go towards the renovated sign.

The entry fee covers your golf and lunch with every golfer receiving a gift/prize.

There will be 2 “hole-in-one” contests for golfers. One for a new automobile, and one for a new golf cart. WOW that is fantastic!

*Sign-up sheets are at the golf pro shop, Mon – Sun, the BCPO office and at the big clubhouse Tues Wed Thurs. Money Drop Box!

For information, call Ray Welz at: (513) -313-4791 or email info to Ray at: rcwelz52@gmail.com

*BCPO will have a Golf Cart“raffle” – for golfers,& non-golfers Tickets will be sold before and during the event with the winner taking home a Golf Cart for personal use or to use on the golf course!

THESE EVENTS WILL SUPPORT THE FRONT SIGN RENOVATION
The Importance of walking

Walking can add minutes to your life this enables you at 85 years old to spend an additional 5 months in a nursing home at $7000 per month.

My grandpa started walking five miles a day when he was 60 now he's 97 years old and we don't know where the hell he is.

I like long walks especially when they are taken by people who annoy me.

The only reason I would take up walking is so that I could hear heavy breathing again.

I have to walk early in the morning, before my brain figures out what I'm doing.

I joined a health club last year spent about 400 bucks. Haven't lost a pound. Apparently you have to go there.

Every time I hear the dirty word 'exercise', I wash my mouth out with chocolate.

I do have flabby thighs but fortunately my stomach covers them.

The advantage of exercising every day is so when you die, they'll say, 'Well, she looks good doesn't she.'

If you are going to try cross-country skiing, start with a small country.

I know I got a lot of exercise the last few years,...... Just getting over the hill.

We all get heavier as we get older because there's a lot more information in our heads.

That's my story and I'm sticking to it. AND…….

Every time I start thinking too much about how I look I just find a Happy Hour and by the time I leave, I look just fine.

Kings & Queens

"Kings & Queens" will resume play OCTOBER 1st

Kings & Queens" play on Mondays at 2:00 PM •• Please be at the club by 1:30 PM or earlier.

Thank you.

WHAT ARE 'KINGS AND QUEENS'?????

This is a group of couples that play 9 holes of golf, format of best ball for the two-some. If you don't have a male/female to play with, you may play as two ladies or two gents. No handicap is required as we draw games to determine the winners.

If you haven't played as yet, it might be a great way to meet your fellow golfers. This is a fun group. I am sure you will enjoy it, but don't be too serious, as it is meant to have fun while enjoying our golf course.

The price to play is $1.00 per couple. All money is returned to the winners.

It is not necessary to sign up any day, just come to the club and be ready to play golf.

Looking forward to seeing you in OCTOBER. (Jane) (352) 597-1357.
MAYO CLINIC ON DRINKING WATER

VERY interesting and very simple to follow. Most informed people are (were) already aware of this potentially life-saving info.

CLINIC - DRINKING WATER, very interesting!!! Water and Aspirin... PLEASE READ!

A cardiologist determined that heart attacks can be triggered by dehydration.

How many folks do you know who say they don't want to drink anything before going to bed because they'll have to get up during the night? Heart Attack and Water - Drinking one glass of water before going to bed avoids stroke or heart attack. Interesting......

Something else I didn't know ... I asked my Doctor why people need to urinate so much at night time

Answer from my Cardiac Doctor: Gravity holds water in the lower part of your body when you are upright (legs swell). When you lie down and the lower body (legs and etc.) seeks level with the kidneys, it is then that the kidneys remove the water because it is easier. I knew you need your minimum water to help flush the toxins out of your body, but this was news to me.

Correct time to drink water... Very Important. From A Cardiac Specialist!

- Drinking water at a certain time maximizes its effectiveness on the body:
  2 glasses of water after waking up - helps activate internal organs
  1 glass of water 30 minutes before a meal - helps digestion
  1 glass of water before taking a bath - helps lower blood pressure
  1 glass of water before going to bed - avoids stroke or heart attack

*I can also add to this... My Physician told me that water at bed time will also help prevent night time leg cramps. Your leg muscles are seeking hydration when they cramp and wake you up with a Charlie Horse.

Mayo Clinic on Aspirin - Dr. Virend Somers is a Cardiologist from the Mayo Clinic who is the lead author of the report in the July 29, 2008 issue of the Journal of the American College of Cardiology. Most heart attacks occur in the day, generally between 6 A.M. and noon. Having one during the night, when the heart should be most at rest, means that something unusual happened. Somers and his colleagues have been working for a decade to show that sleep apnea is to blame.

1. If you take an aspirin or a baby aspirin once a day, take it at night.
The Reason: Aspirin has a 24-hour "half-life"; therefore, if most heart attacks happen in the wee hours of the morning, the Aspirin would be strongest in your system.
   1. Aspirin lasts a really long time in your medicine chest – years! (When it gets old, it smells like vinegar).

Please read on.
Something that we can do to help ourselves - nice to know. Bayer is making crystal aspirin to dissolve instantly on the tongue. They work much faster than the tablets.
Why keep Aspirin by your bedside?

It's about Heart Attacks - There are other symptoms of a heart attack, besides the pain on the left arm. One must also be aware of an intense pain on the chin, as well as nausea and lots of sweating; however, these symptoms may also occur less frequently.
Note: There may be NO pain in the chest during a heart attack. The majority of people (about 60%) who had a heart attack during their sleep did not wake up. However, if it occurs, the chest pain may wake you up from your deep sleep. If that happens, immediately dissolve two aspirins in your mouth and swallow them with a bit of water.

Afterwards: - Call 911. - Phone a neighbor or a family member who lives very close by. Say "Heart Attack!" - Say that you have taken 2 Aspirins. - Take a seat on a chair or sofa near the front door, and wait for their arrival and ........ DO NOT LIE DOWN!

A Cardiologist has stated that if each person after receiving this sends it to 10 people, probably one life could be saved! I have already shared this information. What about you?

Do forward this message. It may save lives!  "Life is a one-time gift"

• Question: Do we have a female in our club that was in the Army?

If we do we need a female to carry the Army colors on Veterans Day (Nov 10, 2018) this year. Call Ken Sajdak at 352 610-9722 if you would like to volunteer. Dress is black pants/slacks and a white top.
